PROFILE

Motivated and enthusiastic frontend developer & UI/UX designer seeking to apply academic knowledge and gain hands-on experience in a professional environment. Eager to contribute to impactful projects and expand skills in frontend development & designing.

PROFESSIONAL EXPERIENCE

Frontend Developer at Eflex Solution

Nov 2023 - March 2024

I created responsive websites for mobile and desktop using HTML, CSS, and Bootstrap. I managed projects from design to completion, ensuring cross-browser compatibility. I collaborated with senior developers on frontend features and enhancements, conducted testing and debugging for optimal performance, used Git for version control in a team environment, and wrote supporting code for web applications.

Frontend Development Intern at Internee.pk

Feb 2024 - Mar 2024

During my web development internship, I honed my frontend skills, creating responsive web interfaces using HTML, CSS, and JavaScript. I also developed and maintained user-facing websites and wrote supporting code for web applications.

Frontend Development Intern at Swift Solvers

Nov 2023 - Jan 2024

During my internship, I gained practical web development experience, enhanced my skills, and reinforced my passion for creating user-friendly web solutions. I learned new front-end programming languages and methodologies, developed and maintained user-facing websites using HTML, CSS, and JavaScript.
